

PROFILE

ABOUT US

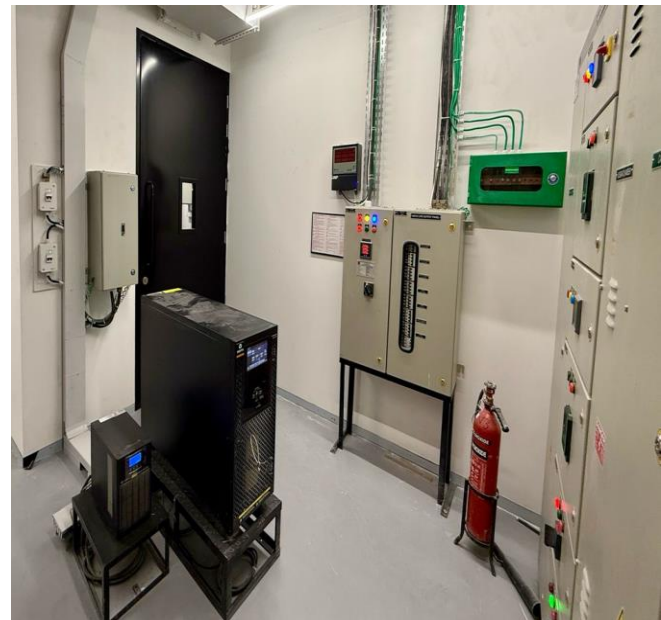

V3 Electricals, started with humble beginnings at Hyderabad. Today, we are the fastest growing Electrical Contracting Company in Telangana , serving the best of our services to our esteemed customers.

We guided by a team with strong technical expertise, having immense experience in the field of Electrical Engineering in the execution of several infrastructure facilities regarding HT & LT Electrical Systems, provides solutions from concept to commissioning in critical Projects across various key sectors, supported by a competent sales force, skilled project personnel, committed service team enabling us to operate across INDIA.

We aspire to lead the industry in our major lines of business through a customer focused approach, an innovative culture and the ability to respond positively to challenging requirements. Sustainability and inclusive growth are embedded in our vision and strategic plans.

We have chosen to remain faithful to the project intent by not having any product affiliations/influence which could affect our core competence of Contracting and Project Management.

We as a Trusted Electrical Contracting Company, serve you anywhere in INDIA.
